

# BLUE CHOICE OPTION/ HMO BLUE OPTION

## FORMULARY GUIDE (2979)

Includes generic and brand-name medications

January 2023

Dear Member,

This booklet includes the Formulary Guide and gives you easy to understand information about your prescription drug coverage.

The medications listed have been approved by the Food and Drug Administration as safe and effective. We continually review and update our formulary.

If you have any questions or need additional information, please visit our website [ExcellusBCBS.com](http://ExcellusBCBS.com) or contact the Pharmacy Help Desk at 1-800-650-4359 or TTY/TDD 1-800-662-1220.

Please see your plan documents for a complete description of your pharmacy benefit.

## What is a formulary?

A drug formulary is a list of prescription drugs that are covered by your health plan.

All generic drugs and brand name drugs listed on the formulary are covered.

If your doctor writes a prescription for one of the drugs listed on the formulary, you can go directly to one of our participating pharmacies to have your prescription filled.

If your doctor writes a prescription for a drug that is not listed on the formulary, it is considered “non-formulary.” Non-formulary drugs are generally not covered. They may be covered if your doctor shows that you meet the medical guidelines for the drug and gets approval before you get your prescription filled.

## How do I use the formulary?

The formulary lists covered generic and brand-name drugs. There are two ways to find your drug within the formulary:

### Medical condition

Drugs are listed in alphabetical order according to drug categories. For example, drugs used to treat heart conditions are listed under the category “Cardiovascular.” Drugs are listed in alphabetical order by condition.

### Alphabetical listing

If you are not sure what category to look under, look for your drug in the Index that follows the formulary. The Index provides an alphabetical listing of all of the drugs included in the formulary and the page where they can be found in the formulary.

## Can the formulary change?

Yes, the list is subject to change. Drugs may be added or removed at any time. For the most up to date formulary please visit our website at [ExcellusBCBS.com](http://ExcellusBCBS.com)

## Where can I get my prescription medications?

You have access to our Pharmacy Network, including national chains and most independents. Just show your Member Card at any participating pharmacy and they will fill your prescription. A list of participating pharmacies in your area is available on our Web site.

## Specialty pharmacy

Specialty pharmacies are experts in handling and distributing specialty medications. Nationally recognized specialty pharmacy Accredo Health participates in our network.

## Are there any restrictions on coverage?

Some covered drugs may have additional requirements or limits for coverage. If a drug has requirements or limits, it will be noted in the formulary. They may be covered if your doctor shows that you meet the medical guidelines for the drug and gets approval before you get your prescription filled.

## Coverage requirements or limits may include:

- **Prior authorization**

There are some drugs on the formulary that need prior authorization, which means they need approval before you can fill the prescription. If you don't get approval, the drug may not be covered.

- **Step therapy**

Some drugs on the formulary are covered only after you have first tried another drug to treat your condition. For example, if Drug A and Drug B both treat your condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work, we will then cover Drug B.

- **Specialty drug benefit**

Some drugs need to be purchased at our participating specialty pharmacy Accredo Health in order to be covered. If you don't purchase them through Accredo Health the drug will not be covered. These drugs are listed on the formulary.

- **Over-the-counter drugs**

The Blue Choice Option and HMO Blue Option benefit allows coverage for Medicaid-approved over-the-counter drugs.

- **Quantity limits**

For certain drugs, we limit the amount of the drug that we will cover. The amount of drug we cover is based on Food and Drug Administration approved guidelines.

## Mail Service Pharmacy

Get your prescriptions delivered right to your door! When you use Wegmans® Home Delivery Pharmacy, you get the convenience of home delivery and the ease of ordering new prescriptions and refills either by phone or via our website, [ExcellusBCBS.com](http://ExcellusBCBS.com). Some benefits offer copay savings for ordering prescriptions through Wegmans® Home Delivery Pharmacy.

Using a home delivery pharmacy is ideal for those who take prescription medication on a continuing basis. For more information on how to use Wegmans® Home Delivery Pharmacy, please visit our website at [ExcellusBCBS.com](http://ExcellusBCBS.com) or contact the Pharmacy Help Desk at 1-800-499-1275.

### Key:

**UPPERCASE** – Brand name medication

**lowercase** – generic medication

**PA** = Prior Authorization required

**QL** = Quantity Limit applies

**ST** = Step Therapy required

**S** = Specialty Drugs

**MS** = Drug must be purchased at a participating network specialty pharmacy for coverage
