

EXCELLUS BLUECROSS BLUESHIELD

Vatica[™] Provider Incentive Program

Excellus BCBS partners with Vatica Health, Inc. to provide a cloud-based clinical workflow tool that enables physicians and the Health Plan to work together to achieve effective visits addressing patients' active conditions and preventative health care needs.

The **Vatica* Well365Plus** proprietary technology supports providers, the health plan, and patients to achieve better outcomes together. The goal is to reduce the providers' administrative work and places the focus on delivering care. The Well365Plus platform and clinical consultants can be tailored to meet the needs of your office workflow.

Boosting Practice Performance

PRACTICE SUPPORT

Vatica offers practice support to help reduce administrative burden and improve quality of care

REVENUE ENHANCEMENT

In addition to revenue from your patient encounter, you will receive an additional incentive payment for each completed visit using the Well365Plus tool

QUALITY OF CARE

Vatica's solution significantly improves Value-Based Care Performance by identifying and documenting services that close quality of care gaps

SEAMLESS INTEGRATION INTO PROVIDER WORKFLOW

EMR-independent technology is easily integrated into providers' unique workflow

DEDICATED CLINICAL SUPPORT

When you participate in the program, you have access to a **Vatica Clinical Consultant (VCC)**. These consultants serve as clinical extensions of your team and are available at no cost to your practice. With extensive clinical nursing backgrounds, VCCs take on critical work and create flexible workflows to meet your practice's needs.

Here's how they can help:

- Provide dedicated clinical support
- Streamline documentation and coding process
- Perform roster reconciliation, data transfers, and encounter set up
- Train Provider team on using the Vatica tool and provide ongoing support throughout

By using **Vatica* Well365Plus**, you are helping your patients gain access to care management services and helping them stay up to date on their preventative health needs. Additionally, you are helping to keep premiums low for your patients and helping to earn more dollars for your practice.

By participating in the Vatica[™] program, EVERYBODY BENEFITS!
